GRADING SYSTEM:
Grade Point Average (GPA):
The grade-point average (GPA) is determined by dividing the sum of the grade points (GP) by the sum of the attempted credit hours (CR).

Grade	Definition	Grade Points	In GPA Calculation?	Numerical Equivalent (Undergraduate)	Numerical Equivalent (Graduate)
A	Excellent	4	Yes	93-100	93-100

Academic Renewal Grades:
Grades preceded by "R" (i.e. RC, RF) denote academic renewal and are excluded from the GPA calculation.

Incomplete & Incomplete/Fail (I & IF):
Incomplete grades are awarded when a student has been granted an exception to submit work beyond the end of the term. An Incomplete "I" grade automatically becomes an Incomplete Fail "IF" grade if work has not been completed and a grade has not been submitted prior to the pre-determined expiration date.

In Progress Passing (IP) Grades:
"IP" grades are issued for some internships, practicums, and courses that span more than one academic term. The "IP" grade indicates the student is passing as of term end. Unresolved "IP" grades will automatically become a failing "F" grade.

Mastery (MA) Grades:
 "MA" grades are issued for direct assessment competency-based education programs once individual competencies are mastered. "MA" is equivalent to a grade of "A-"or better on a traditional grade scale. There are no grade points associated with MA grades, therefore there is no GPA for students in direct assessment competency-based education programs.

Pass "P" and Satisfactory "S" Grades:
Pass "P" and Satisfactory "S" grades are defined as a "C" or better at the undergraduate level and a "B" or better at the graduate level. P/F grades were allowed for spring 2020 courses in response to COVID19.

Repeated Course (R):
A student may repeat a course for credit. The last grade, whether it is higher than, the same as, or lower than the first grade is included in the Cumulative GPA; the first grade is excluded. In instances where both grades are passing, credit is only earned once. "R" appears to the right of the GRDPT column of the repeated course.

Revocation Grade (SDR):
SDR grades are issued when grades are revoked as a result of fraud, misrepresentation or other egregious actions.

Satisfactory (S)/Unsatisfactory (U) Grades:
An "S/U" option is available in some courses to students in lieu of letter grades. A satisfactory grade may be applied toward fulfilling degree credits, but will not be applied toward the quality point average. Programs may use a combination of letter grades and S/U grades or S/U grades exclusively. See program requirements for more information.

Unearned Fail (UF) Grades:
Students receive a "UF" grade in each course in which they cease participation in graded activities prior to completing60% of the term.
