Master of Education in Curriculum and Instruction

Take your teaching to the next level with Southern New Hampshire University's online Master of Education in Curriculum and Instruction degree.

Earn your master's degree completely online (or in class at our Manchester, N.H., campus) and become a New Hampshire-certified curriculum administrator. We also offer a non-certification track.

This program is designed for certified teachers who are passionate about their students and their careers. It features relevant courses in teaching, learning and curriculum design.

M.Ed. Curriculum and Instruction — Concentrations

Set yourself apart in a competitive job market with online Master of Education concentrations in areas the Department of Education has identified as high-need. A Self-Designed option also is available.

- Educational Leadership – Complement your teaching career with leadership skills you can apply in the classroom or in an administrative role at your school.
- Special Education – Gain a deep understanding of the issues related to teaching children, from preschool to high school, with disabilities that range from mild to severe.
- Reading Specialist – Focus on literacy issues and gain insight into specialized support and diagnostic procedures for students in grades K-12 with reading issues.
- Technology Integration Specialist – Prepare to become a leader at your school in assessing and integrating technology into the curriculum to improve student learning.

Why SNHU?

Our online programs, offered since 1996, have won Best of Business, Best Buy and other prestigious awards. We are a traditional, affordable, US News and World Report Tier 1 private university.

- New Hampshire- and regionally accredited programs.
- Complete your degree and earn New Hampshire certification in as little as 18 months.
- Complete course work from anywhere, when it's convenient for you.
- Online and on-campus classes.
- No upfront payment with employer tuition reimbursement.
- Certification and non-certification tracks.
- Instructors are accomplished academics, classroom and policy experts.

M.Ed. Curriculum and Instruction – Outlook

Nationwide there is a growing emphasis on educational quality and accountability. Educators with a specialized understanding of today's theories and principles in curriculum development are in demand. Education administration jobs are expected to grow up to 15 percent through 2018, according to the U.S. Bureau of Labor Statistics.

Graduates of the SNHU's online Master of Education program in Curriculum and Instruction are prepared to make significant contributions to their students, schools, parents, communities and careers.
