Master of Science in Finance

The M.S. program in finance is designed for professionals seeking the tools and knowledge needed for effective business analysis, decision-making and management in a wide variety of organizations, including non-financial corporations, banks, insurance companies, investment firms and government units. No GMAT or GRE required.

Why earn a master's in finance from Southern New Hampshire University?

- SNHU offers the state's only master's degree in finance program.
- An affordable and accelerated program that can be completed in 18 months.
- Complete your degree full- or part-time, online or in class.
- Well-connected local alumni provide excellent internship and networking opportunities.

Faculty are experienced, accessible and engaged in research and continuous curriculum development, driven in part through partnerships with finance professionals and industry leaders.

Career Outlook

Finance graduates will find a healthy job market. According to the U.S. Bureau of Labor Statistics, personal finance advisors and financial analysis positions in the banking industry are expected to grow by 22 percent and 11 percent, respectively, through 2016. Financial managers in the management field are expected to expand by 78 percent. Positions in finance are available in nearly all major businesses and will to grow as other industries do.

Finance careers and industries students will be prepared to enter:

- dealer/broker
- security analyst
- project analyst
- well-connected local alumni provide excellent internship and networking opportunities
- financial markets
- corporate finance
- investment banks and houses
