Roommate Group Form

When completing this form, please keep in mind that full capacity must be filled for the type of housing desired. (i.e. if you are attempting to be placed in 4 person housing, 4 names must be listed on the sheet, if you would like 6 person housing, 6 names must be listed on the sheet). If you do not have the appropriate number for selection, your group will not be allowed to select on the designated night for that number of person housing and will select at the end of the process. Please complete only the section under the heading "Name", the remainder will be completed by the Residence Life staff.

If you attend your designated night, and do not wish to select among the options available, you have the opportunity to regroup yourselves into different categories (i.e. 6 person housing, 2 person housing, single housing).
