Select a Project

The first time you log in you will need to select a project (occasionally when we do major maintenance or upgrades, you may have to select a project a second time).

When you enter your username and password you will see the “select a project screen”

Last Revised 11/13/2007

On the Main Menu screen, choose “Projects”

Then choose “SNHU Live2”

You will be defaulted to the Homepage view. Select Web Content Manager to get to the SmartEdit view where you can browse the site and make changes
