## Why Exhibit?

Hundreds of women will attend this event from Portsmouth to Peterborough and North Country to Nashua. These professional women purchase services and products across the State.

We are reaching out to the entire spectrum of the job market through a unique campaign that encourages women in top positions to support the attendance of an employee or colleague. This diverse population will be available to our exhibitors at several times throughout the day.

Women are the primary drivers of New Hampshire's economic engine. Your exhibit will put you in touch with hundreds of customers and prospects. In addition, your presence at the event will allow people from your organization to make one-on-one contact with attendees.
