Online Nursing Programs
College of Online and Continuing Education

- Bachelor of Science in Nursing (RN to BSN)
- Master of Science in Nursing (MSN) — customize with electives or specialize with a:
  - Clinical Nurse Leader Concentration
  - Patient Quality and Safety Concentration
- Advanced Pathway RN to MSN Option
Advance Your Nursing Career at SNHU

SNHU Online Nursing
Southern New Hampshire University offers online nursing programs for licensed RNs seeking to advance their nursing careers.

Our online nursing programs meet the demands of the nursing workplace and address the need for prepared nurses in such areas as education, administration, quality improvement, research, patient care, clinical leadership and more. The BSN and MSN curricula have been developed to better accommodate the needs of working nurses.

Bachelor of Science in Nursing
Designed to deliver the Institute of Medicine’s identified nursing competencies, the online BSN program focuses on managing in a complex caregiving environment. The program builds on registered nurses’ prior education by providing additive learning.

Master of Science in Nursing
Acquire key competencies necessary for continuous improvement of the quality and safety of healthcare systems, patient-centered care, collaboration, evidence-based practice and management. Customize your degree with electives or specialize with a Clinical Nurse Leader or Patient Quality and Safety concentration.

Advanced Pathway RN to MSN Option
Advance from an ADN through the BSN to the MSN. Save time and money while pursuing advanced nursing degrees without a break in continuity or momentum. Reduce time to MSN completion by two classes and as much as 20 weeks. Customize your MSN degree with electives or specialize with a Clinical Nurse Leader or Patient Quality and Safety concentration.

Mission of the SNHU Department of Nursing
The mission of the SNHU Department of Nursing is to be a leader in providing quality undergraduate and graduate nursing education with distinction in scholarship, service and practice for registered nurses seeking to maximize their personal and professional potential. Graduates are prepared to apply theory-guided, culturally competent, evidence-based professional nursing practices to improve the well-being of diverse populations within complex healthcare systems at the local, national and international levels.

Online Nursing Programs - Why SNHU?
• A traditional nonprofit. SNHU has been ranked on Fast Company’s World’s Most Innovative Companies List.
• Curricula based on new standards as defined in the Institute of Medicine (IOM) report, “The Future of Nursing: Leading Change, Advancing Health.”
• Programs developed by doctoral-prepared nursing faculty.
• 24/7 access to SNHU’s virtual campus.
• Innovative program and course design that stresses patient-centered, collaborative healthcare.

New Hampshire Community College Partnership
Our nursing partnership with New Hampshire’s community colleges includes dual admission processes, shared curricula development, scholarships and financial aid, as well as shared advising and faculty. If you are a current New Hampshire community college nursing student interested in learning more about the BSN and Advanced Pathway RN to MSN Option, please contact your current community college advisor.

Transferring to SNHU
SNHU will accept up to 90 transferred academic credits toward bachelor’s degree programs. Students receiving maximum undergraduate transfer of credit may need to take only 30 undergraduate credits at SNHU. MSN students may transfer in up to six credits (two courses).

Accreditation
• Commission on Collegiate Nursing Education
• New England Association of Schools and Colleges
• New Hampshire Higher Education Commission
• Association of Collegiate Business Schools and Programs

The Bachelor of Science and Master of Science in Nursing programs at Southern New Hampshire University are accredited by the Commission on Collegiate Nursing Education (CCNE).

Financial assistance is available to those who qualify and financial counseling is available to all students.
